Infrastructure & Engineering

Minimum Requirements

- The service provider must have a suitable transport for this waste as it contains toxic and harmful substances.
 - The successful Service Provider must provide a Waste Disposal Certificate for each load of waste removed from the site. Failure to do so, will result in discontinuation of their services with immediate effect.
 - The payment of waste disposal will be processed after disposal certificate is issued.
 - If necessary, proof of registered waste disposal company will be required before the award of the tender.
 - The waste collected will be verified against disposal certificate to ensure that all the waste is disposed correctly.
 - The successful Service Provider must be able to dispose the waste in an E.P.A approved hazardous waste facility.
 - The service provider must quote on each waste disposal.
- **Prices per item must be completed on the “Pricing Schedule” provided and submitted on the tender portal before the close of tender.**
 - **All requested returnable documents must be uploaded on the tender portal before close of tender.**
 - **Failing to provide all the above minimum requirements will result in your tender submission being deemed as non-responsive.**
